

For our first newsletter, we wanted to tell you about what we do best!
- Personalizing Chocolates for You!

“Say it... on Chocolate”. Think of anything you want to say...and we can put your message on mouth-watering chocolate.

It's 100% high quality chocolate - no sugar frosting, no transfers, no icing – just chocolate embossed onto chocolate! Chocolate Graphics uses a patent protected process to create chocolates that are not only delicious, but are also a great talking point and powerful marketing tool.

More businesses are now using chocolates to build their unique brand awareness too. Logos, products and marketing themes can be easily embossed onto any flat shaped chocolate – giving them a sweet edge over the competition.

Whether catering for a dinner... or creating a gift for a Guest of Honour, the product speaks for itself! Sharp lifelike images & logos depicted on chocolate give your message more appeal and impact – a sure way to get your name remembered!

So for that special occasion, whether for a product launch, wedding, birthday, or

conference event ...Chocolate Graphics will put your message on everyone's lips!

Chocolate Graphics operates worldwide in Australia, New Zealand, Singapore, Malaysia, Japan, UK, Denmark, Western Europe and USA.
